June 21st**

Those present: Michael Witt, Carter Witt, Lannie Prince, Grant Ehren, Ron Schwartz, Dan Terry, Butch Baker, Steve Buckles, Charles Sessions, David Snellings, Bill Sparks, Bryan Ayers, and Jerry McKaughan
Guest: Mary Schwartz

The up coming outing to Lake Atkins was discussed, with a meeting set up at Lucky Landing on the 26th.

CADDIS Scholarship was discussed and we will move forward to award it to a deserving student for the fall semester 2010, in the amount of \$ 500.00 with help from the Tech staff. A photo op set for the September or August meeting.

We had six or eight flies in the drawing and Steve Buckles won.

Next Meeting August 16th at Western Sizzlin 6:30PM for the meal and 7:00PM meeting.

**FFF Southern Council
2010 Conclave**

The Conclave is the premier event of the Southern Council Federation of Fly fisher's, held each year in Mountain Home, Arkansas. It will be held **Thursday, September 30 thru Saturday, October 2, 2010.** The business meeting will be

held **Sunday, October 3, 2010** in morning hours.

Federation of Flyfishers

Something New : Reel Action Media and The Weekly Fly have been filming tying videos at the FFF library in Livingston. The first four videos were filmed in December and many more are scheduled. GO to the FFF web site on the Club Wire and check these out.

Fly Tiers Corner

If you have a favorite fly let us know.

The fly tiers meet every Monday except the Monday of the monthly meeting at All Saints Episcopal Church 501 S Phoenix in Russellville. We begin at 7:00 PM.

Come on down to tie, tell your latest fish story, or just be around other tiers.

Wings: Small feathers from the
neck of a Grizzly Rooster

**How to Select and Buy
Fly Tying Tools**
part 1 of 3 part series

Article by Steve Schweitzer

Part 1: Discussion of Quality

First and foremost, you'll find a gamut of quality in fly tying tools and materials.

As with any sport or hobby, the range of quality is from "unacceptably poor" to "over-priced for what you get". With any luck, this discussion will lead you down

the straight and narrow. In no way, shape or form can this article begin to train you on how to look for quality material, you'll just have to go to a store and learn by looking. However, there are some good tips in the materials section to help you get started in selecting quality material. Get the best you can afford.

Keep this in mind: Don't let your equipment hinder your performance. A friend of mine who is an avid bicyclist and racer lives by this motto. But it didn't come without the enduring training and quest for knowledge of his sport. The lesson to be learned is in his years of experience with his equipment. It is his experience that formed his life-long belief that inferior equipment leads to inferior results. How true, especially in the micro-fine art of fly tying.
